We are pleased to be a part of the U.S. policy for the achievement of equal housing opportunity throughout the nation. We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion, sex, handicap, familial status or national origin. Equal housing opportunities cannot be relied upon as accurately stating the location of the development. For complete information, please refer to the documents required by section 178A.04, Florida Statute, to be furnished by a developer to a buyer. All drawings, dimensions, elevations, conceptual site drawings, plans and specifications are subject to change without notice. Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of the interior demising walls and in fact may vary from the dimensions that would be determined by using the description and definition of the "finished" and such as the declaration (which generally only includes the interior space between the perimeter walls and exterior interior structural components). All dimensions are approximate, and all floor plans and development plans are subject to change.
