We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion, sex, handicap, familial status or national origin. Grid representations cannot be relied upon as correctly stating representations of the developer. For correct representations, make reference to the documents required by section 718.503, Florida Statutes, to be furnished by a developer to a buyer. All features, dimensions, drawings, conceptual renderings, plans and specifications are subject to change without notice. Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerlines of the exterior demising walls and in fact may vary from the dimensions that would be determined by using the description and definition of the the "unit" set forth in the declaration (which generally only includes the interior space between the perimeter walls and excludes interior structural components). All dimensions are approximate, and all floor plans and elevations are subject to change.
